### DYNAMIC WEALTH GROUP LAUNCHES FIRST MUTUAL FUND

#### Dynamic Alpha Macro Fund employs innovative structure and approach

Rockville, MD, August 1, 2023 – [Dynamic Wealth Group \(DWG\)](#) announced that it has launched the Dynamic Alpha Macro Fund (DYMIX/DYMAX), the first mutual fund in the Dynamic Alpha family.

The fund will be managed by combining equity securities and futures trading strategies. The equity securities strategy will invest in exchange traded funds that seek to provide low-cost broad market exposure. The futures trading strategy will invest in long and short futures positions that seek to provide diversified return potential. The futures positions can include currencies, debt, equities, energy, metals, or agricultural foodstuffs. By combining the two strategies, DWG believes the fund can deliver a smoother investing experience compared to equity-only strategies.

“The DWG team is excited to open the Dynamic Alpha Macro mutual fund in order to meet the demand we have been hearing from the marketplace,” said Bradley Barrie, Managing Director and Chief Investment Officer of DWG. “We believe in multidimensional portfolio construction in hopes of providing smoother investing experience for clients.” The Dynamic Alpha Macro Fund aims to address this by providing advisors with a solution that can serve as an alpha creator *and* potential volatility buffer to traditional asset allocation strategies.

David Johnson, Managing Director and Chief Operations Officer of DWG added “We are particularly enthusiastic about bringing advanced futures trading strategies to the mutual fund space. We believe that there are opportunities for fundamentals-based trades to provide unique return potential with non-correlation.”

“We are thrilled to be working with the Dynamic Wealth Group on their family of funds. They are an impressive team that brings a refreshing approach emphasizing investor psychology and education. We look forward to the investing community embracing products that represent this line of thinking,” said Catherine Ayers-Rigsby, president of Advisors Preferred.
